Todd,

I'm sure you've seen in the news about Fairchild's efforts dealing with PFOS PFOA contamination to odd base homeowners. We are hosting a Town Hall meeting on Tuesday, May 23 at 6 p.m. at Medical Lake High School.

Our installation commander, Col. Ryan Samuelson, wanted me to contact you to suggest that someone from the Spokane International Airport attend in case questions come up concerning the airport. Please let me know if you have any questions and if someone will be there. Thank you

Very respectfully,

Scott
